

Bristol Security & Property Management Ltd

Environmental Policy

<u>Introduction</u>	Bristol Security & Property Management Ltd (BSPM Ltd) provide security, landscaping, cleaning and maintenance services to businesses in the south-west region. Our ISO 9001 accreditation along with various others, forms the basis on which we conduct our business services. This policy extends from our in-house control measures, throughout our entire range of services, the overall aim is to provide an efficient service while due consideration is made toward environmental impact.
<u>Responsibility</u>	Our Managing Director is ultimately responsible for implementation of our environment policy, the day-to-day control & maintenance is dealt with by key staff within our organization.
<u>Resources</u>	BSPM are committed to ensuring our staff are trained to recognize environmental issues and act responsibly in dealing with them.
<u>Objectives</u>	BSPM make every effort to comply with relevant regulations in the pursuit of all works. Our schedule is designed to reduce travel time and distance between jobs, thus reducing fuel usage. Where at all possible we minimize hazardous waste generation.
<u>Targets</u>	BSPM expect to reduce energy consumption further, by turning off lighting and appliances in offices that are not in use. Recycling of paper waste to animal bedding has been introduced and will be expanded where possible. Recycling of office consumables is being implemented.
<u>Monitoring</u>	A review of progress is to be made every six months, with recommendations from staff for any areas that may be improved. Interim checks are to be carried out, to ensure all that can be done is included in our continuing effort towards better environmental control.
<u>Communication</u>	This document is made available to all BSPM staff, to customers and suppliers. Our intention is to ensure that everyone understands what BSPM expect from it's staff, service suppliers and end users in the efforts towards better environmental control.
